

US Army Corps of Engineers®
St. Louis District

ATTENTION FISHERMEN & HUNTERS

All hunting and fishing regulations are administered and enforced by the Missouri Department of Conservation. Please refer to the Wildlife Code of Missouri and the Missouri Code of State Regulations. For further assistance contact the Missouri Department of Conservation at (573) 751-4115 or www.mdc.mo.gov
Note: All remaining statewide fishing regulations apply.

RE-REGULATION POOL

- No fishing is permitted within the area 400' below the main dam.
- From 400' below the main dam, statewide stream regulations apply.
- Fishing is restricted to pole and line only from 400' below the main dam to the power line crossing and below the re-regulation dam to Route A.

CAUTION SWIMMERS

Designated beach areas are the safest place to swim in the lake. Jumping or diving anywhere that you can't see underwater is unsafe. Watch your children; it only takes 20 seconds for a child to drown.

CAUTION BOATERS

This lake contains underwater obstructions such as trees, stumps, logs, rocks and other debris. Boaters are warned to watch for these unknown hazards especially when the pool level fluctuates. Boat ramps may be slippery due to the growth of algae, other vegetation and mud. PLEASE USE CAUTION.

All Public lands shown in this brochure are governed by the regulations set forth in 16 CFR 26, Section 127, U.S. Federal Code of Regulations. Copies of the "Rules and Regulations" brochure are available from a Park Ranger, at the Project Office or at campground fee booths. All local, state and Federal regulations are applicable.

Clarence Cannon Dam & Mark Twain Lake

LEGEND

- Mark Twain Lake Normal Pool Elev. (666.0 msl)
