609 Cabral Circle, #4103
Fort Worth, TX 76102

Dear Dr. Craig,

We are excited about the opportunity to continue partnering with the Fort Worth Fly Fishers to increase available fish habitat in Texas Reservoirs!

Your grant proposal corresponds well with our fisheries management objectives and should help increase the habitat available to fish and other wildlife in Ray Roberts Reservoir. We will enjoy continuing to build on the partnership established with your Friends of Reservoirs Chapter if your grant application is approved. My office will provide staff support and all equipment necessary to complete the habitat improvement project.

We will also provide acknowledgment and outreach for the project by the Fort Worth Fly Fishers and the Friends of Reservoirs through local and social media, the Texas Parks and Wildlife fish habitat webpages, and public and scientific presentations. The 2021 Bassmaster's Classic being held at Ray Robert's Reservoir will also help facilitate additional opportunities to publicize the project as well!

Sincerely,

Dan Bennett
