Re: Letter of Support for Wilmore Lake, Cambria Co.

Mr. Stockley,

The Pennsylvania Fish and Boat Commission (PFBC) fully supports the proposed projects at Wilmore Lake, Cambria County. The proposed habitat improvement structures will benefit the aquatic ecosystem at the lake while providing additional angling opportunities. The PFBC will provide in-kind service and partial material funding to complete the rock rubble, tree felling, and the artificial habitat project. We have been impressed with your abilities to manage grant funding, track spending, order materials, and coordinate the logistics associated with habitat projects. We look forward to working with you and other partners on this project as it supports the mission of the PFBC.
